---

## Advanced Options

Zomani provides advanced features of language, Tone, Variant and creativity level too.

The screenshot shows the 'Advanced Options' section of the Zomani interface. At the top, there is a link that says 'Hide advanced options'. Below this, there are four dropdown menus arranged in a 2x2 grid. The top-left dropdown is labeled 'Select Tone' and is currently set to 'Compassionate'. The top-right dropdown is labeled 'Select Language' and is currently set to 'English'. The bottom-left dropdown is labeled 'No. of variants' and is currently set to '4 Variants'. The bottom-right dropdown is labeled 'Creativity Level' and is currently set to 'High'. At the bottom center of the form is a blue button labeled 'Generate Email' with the text '3600 tokens required' underneath it.

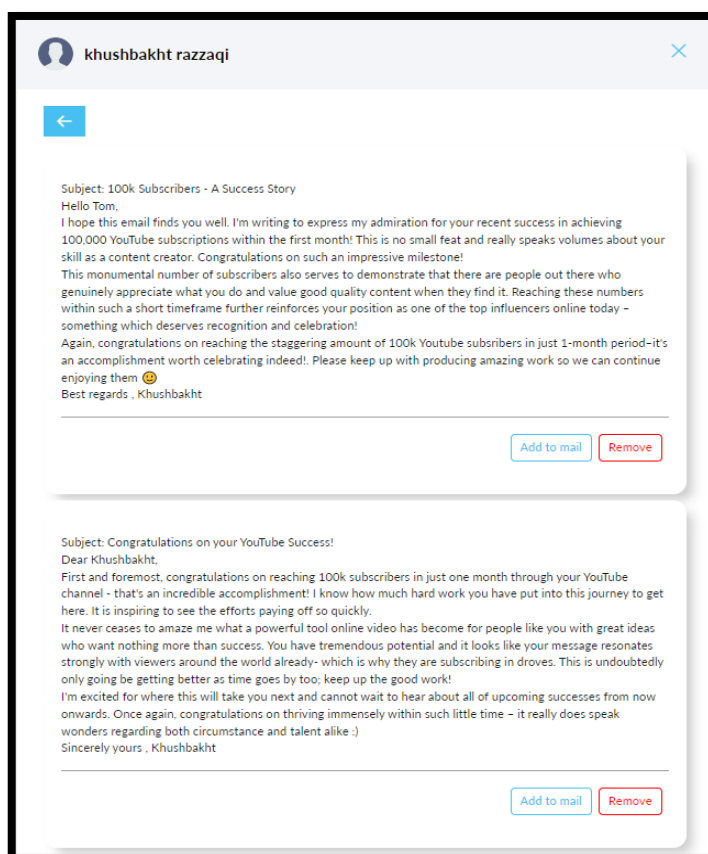

## Tones and Languages

Zomani includes 30+ languages in which content can be generated to provide each user with the feasibility to get error free content in their desired language. Also, select the tone in which tone you want your content to be written there are many options in Zomani like appreciative, Assertive, candid, casual, cautionary, convincing, critical and much more.

This screenshot shows the same 'Advanced Options' interface as the previous one, but with the 'Select Tone' and 'Select Language' dropdowns expanded. The 'Select Tone' dropdown is open, showing a list of options: Formal, Casual, Appreciative, Assertive, Awestruck, Candid, Cautionary, Compassionate, and Convincing. The 'Select Language' dropdown is also open, showing a list of options: English, US English, FR French, GE German, AR Arabic, BG Bulgarian, CN Chinese, CZ Czech, Dk Danish, and NL Dutch. The 'Generate Email' button is partially visible behind the dropdowns.

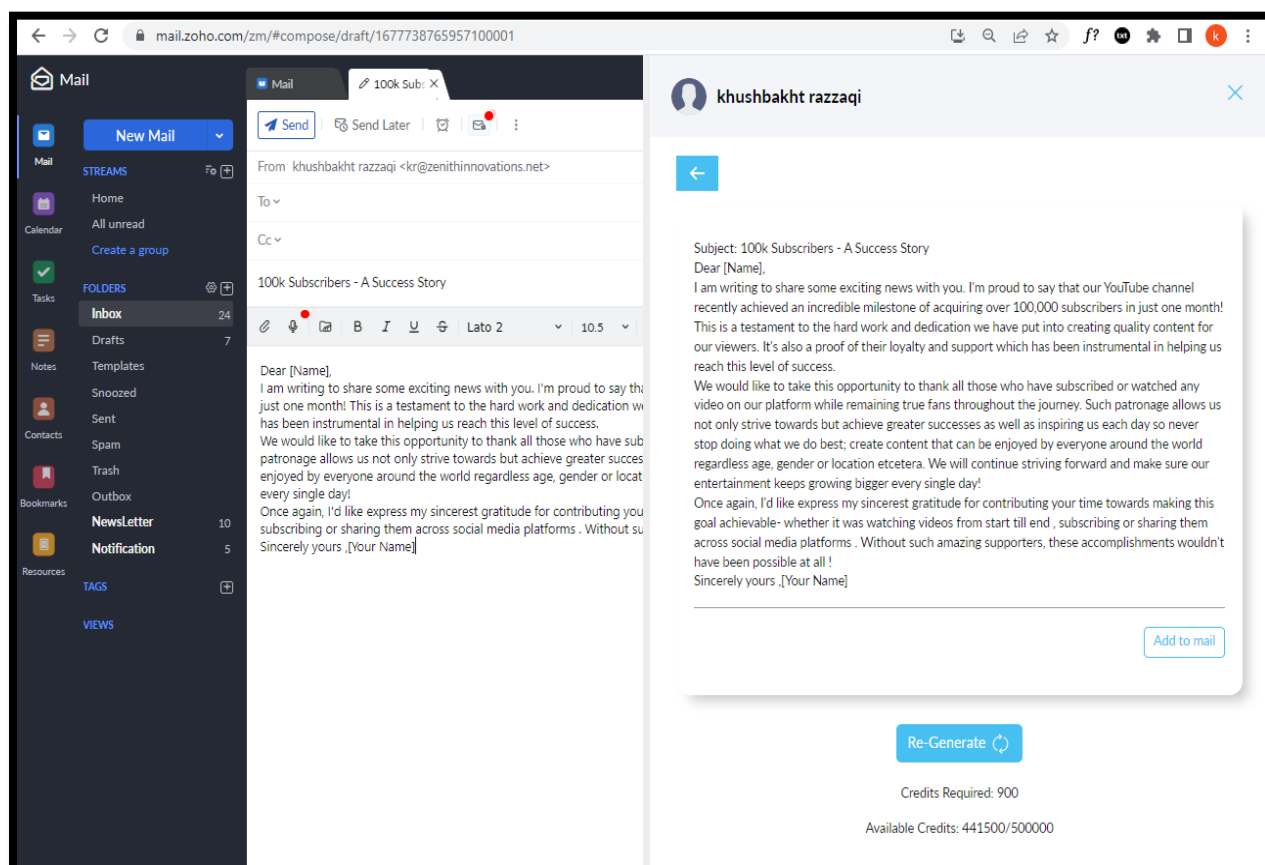

## No. of Variants

The user is able to create different variants based on provided keywords. User can create up to 5 variants for the provided use case and keywords.

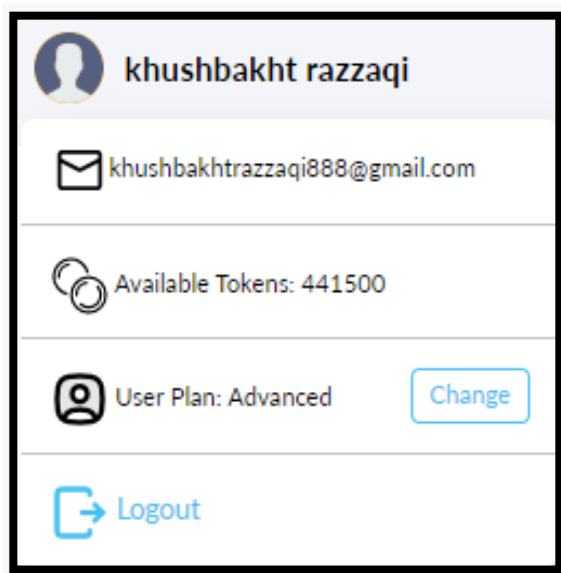

## Add to Mail

Add to mail button allows you to add the text to the email editor. Edit like wise and you are all set to send an AI generated quality email to your clients, colleagues or employees.

## Account Details

Account Details contains your basic information like your registered Available Tokens, Your Subscription Plan and also a log out button. You can purchase any of the subscription plan by hitting the “Change” Button.

## Pricing and Subscriptions

leave for doctor appointment

Subject: Leave for Doctor Appointment

Dear [Name],

I am writing to request a leave of absence due to illness. I have been experiencing headaches and fever over the last 24 hours, and my doctor has n them as soon as possible in order to diagnose the cause. Therefore, I would like permission so that I can attend this appointment without disruption or delay. I understand any inconvenience this may cause you but it is important for me to seek medi advice promptly given my current condition. If necessary, please let me know how else I could makeup for lost time at work once more information from the diagnosis becomes available following my appointment with the doctor tomorrow. Thank you very much for your attention and understanding on this matter; if there are any questions regarding it do not hesitate contacting me directly via email or phone call anytime today or tomorrow morning before noon when I Regards, Maria Kamran
